Dear all,

It looks like we will be issuing warning notices for the new 2 BLE locations probably from tomorrow, but I will let you know when we commence.

In the meantime, please find attached the signs that have been put out today to warn motorists what we are enforcing.

Kind regards

Collette

All,

The signs are in place. Photos attached.

Regards,

Laurent

Laurent, can you let us know as soon as the warning signs are in place at this location please as we will need photographs of them in situ before we can begin enforcement action.  
I will be away from my desk so if you can respond and let Gary Bullock know he will arrange for photos to be taken.

thx
