

## Regulations – Business Parking scheme

*These regulations, together with the Car Park's regulations (see car park signage) are enforceable by North East Lincolnshire Council's Civil Enforcement Officers.*

1. Business parking scheme is in operation on **North Promenade, Central Promenade, Wardall Street and Yarra Road Car Parks** in Cleethorpes. The scheme is in operation to assist business' in close proximity, with no on-street parking facilities.
2. Depending upon parking location, a limit may be imposed on the number of permits issued.
3. **E-permits** are 'virtual' permits which no longer require the need to display a physical permit. This works by the above vehicle registration mark(s) being inputted to the hand held data which the patrolling officers use to issue Penalty Charge Notices. Their hand held devices will 'recognise' the above registration mark(s) as being valid E-permit holders.
4. Parking is allowed by any **vehicle issued with an E-permit** in any marked bay within the Car Park, subject to the Car Park regulations. Parking within disabled bays **is not** permitted unless a valid disabled badge is displayed.
5. E-permits issued for Wardall Street Car Park are also valid for use in the short stay bays in the Wardall Street Car Park BUT ONLY FOR THE PERIOD ALLOWED (see car park signage).
6. Permits are valid for twelve months from the date of issue.  
**Please note: The vehicle must belong to, or be hired, by the applicant or employee!**
7. Each E-permit refers to a particular Car Park, identified on the permit.
8. You must only park on the Car Park for which the E-permit was issued.
9. *The issue of E-permit is subject to eligibility, evident by the application from, documentation supplied and payment.* You are not entitled to park in the Car Park only because you have paid for your permit. Once your permit is issued we will contact you and inform you on the start date of your new permit. We will send a letter-confirmation to you via post.
10. It is your responsibility to renew your permit, **minimum 5 working days prior** to its expiry date. Should you change your vehicle or use a hire car, you will need to advise Parking Services, **minimum 2 working days in advance**, to enable a replacement/temporary E-permit to be arranged. Failure to reapply or to inform as on any changes within the timescales above may result in the issue of a Penalty Charge Notice.

**Any-one found to be in breach of the above regulations will receive a Penalty Charge Notice which will be payable.**
