Subject: Sandwell declaration forms

Hello Ms Patel, (cc Louise),

Thank you for your revised & signed BLADM041 & PADM040 declaration of compliance forms dated 17th December 2020;

I can confirm that your software upgrade to version 1.9 Release B for your SEA RoadFlow system at Sandwell Metropolitan Borough Council is accepted as a "Minor Change" as is described in "The Certification of Approved Devices" (CoAD) Section 2.2.3. Therefore, your Parking & Bus Lane acknowledgements of use under manufacturers Certification remain valid.

This is on the understanding that operation of the Sandwell Metropolitan Borough Council system under the previous software version is included within your acknowledgement of use until the end of March 2021 to allow time for the changeover.

This confirmation should be retained safely as it is part of your Certification record.

Regards

Denis Batten
