Subject: RE: Sandwell Metropolitan Borough Council - Supplier Equivalent Change for Vision System

Hello Ms Fleck, (cc Hayley),

I can confirm that your replacement VMC Enforcement unit for your SEA RoadFlow vehicle at Sandwell Metropolitan Borough Council is accepted as a "Supplier Equivalent" Change as is described in "The Certification of Approved Devices" (CoAD) Section 2.2.4. Therefore, your Parking & Bus Lane acknowledgements of use under manufacturers certification remain valid.

This confirmation should be retained safely as it is part of your Certification record.

Regards

Subject: Sandwell Metropolitan Borough Council - Supplier Equivalent Change for Vision System

Hello Denis

Please can we do a supplier equivalent change for Sandwell Metropolitan Borough Council for their ROADflow Vision system

We have had to replace VMC Enforcement unit. Old serial number WG-9108 new serial number 16 JSB 015.

Thank you

Hayley
