

Terms and Conditions of Use

- On parking, set the time wheel to the time of arrival and centre of window. See example below

- Display the time wheel in a clearly visible position underneath the front windscreen.
- You must not stay in the car park for more than 2 hours. If you do stay longer than 2 hours in a long stay car park, your entitlement to park for 2 hours using the permit is no longer valid. You must then buy a ticket at the full rate from the time you arrived in the car park.
- If you have used the time wheel, you cannot use it again within 2 hours.

You have committed an offence and will be liable to pay a Penalty Charge Notice for the use of the car park if:

- a) You park and fail to clearly display the time wheel underneath the front windscreen.
 - b) You indicate a false time on arrival or subsequently alter it.
 - c) You leave the vehicle in the car park for more than 2 hours, including in long stay car parks when a ticket for the full period of your stay has not been purchased.
 - d) You have used this within 2 hours of using it previously.
- This time wheel is only valid for use with the vehicle registered to this time wheel.
 - The time wheel is NOT TRANSFERABLE.
 - This time wheel may be used in the evening to park for any period between 6.00pm and midnight in any long stay car park, provided that it was not used between 4.00pm and 6.00pm prior to the evening period.
