The council will consider all representations against the penalty charge which are received before a Notice to Owner (see below) is issued. Details of the Council's policy and guidelines to challenges can be found at parking.northumberland.gov.uk or can be viewed at the council's information centres. All cases will be considered on their individual circumstances. If you challenge this PCN by no later than the last day of the period of 14 days beginning with the date on which the PCN was served and the challenge is rejected, the Council may in some circumstances be prepared to extend the period during which the discounted payment may still be made.

IF THE PENALTY CHARGE IS NOT PAID OR NOT CHALLENGED SUCCESSFULLY

If the penalty charge is either (a) not paid on or before the end of the 28 day period as specified on the front of this PCN; or (b) If the penalty charge is not challenged successfully, the Council may serve a Notice to Owner (NtO) on the owner of the vehicle requiring payment of the penalty charge. The owner can then make representation to the Council and may appeal to an independent adjudicator if those representations are rejected. The NtO will contain instructions for doing this. If you challenge this PCN but the Council issues an NtO anyway, representations can still be made against the penalty charge, but they must be made in the form and manner and at the time specified in the NtO.

Further information about Civil Parking Enforcement including PCN's and NtO's is available on our website at parking.northumberland.gov.uk or by contacting the Council.
