Instructions for use

Use a coin to scratch out ONE panel only from each of the following sections:

- Day
- Date
- Month

Please note

If you scratch out the wrong panel, or more than one, this will invalidate the permit.

If you scratch off the expiry date panel, this will invalidate the permit.

Your day permit must be displayed on the nearside side of the windscreen or side window so that it can be read from outside the vehicle.

Conditions of use

Your permit is only valid when correctly displayed on a vehicle parked in a permit bay in the zone for which it is issued (this is printed on the front of the permit).

The permit does not guarantee a parking space. If no spaces are available, this does not justify a parking contravention.

The permit is valid on the date exposed and until 10am the following morning.

Vehicles are parked at the owner's risk.

The permit is not valid beyond its expiry date.

The permit is non-transferable, non-refundable, and must not be resold.

Completing your permit incorrectly, using damaged or defaced permits, or otherwise not complying with the terms and conditions of issue might result in a Penalty Charge Notice.
