Residents Parking Permit

Thank you for applying for a Wyre Council Residents Parking Permit. Your new permit is enclosed and is registered as number 64167.

Your permit can be used straight away. Please take time to read the information leaflet to ensure that you use your permit correctly.

It is very important to let the Council know if you either change your vehicle or move house. The permit must not be passed on to the new owner of the vehicle as it is registered to you and for your use only.

If you move out of the Wyre area your permit is no longer valid as you must be a Wyre resident to use the permit. The permit should be returned to the Council immediately.

Remember the permit is your responsibility and any misuse of it may lead to the issue of a Penalty Charge Notice being issued.

If you have any questions about your new permit please telephone 01253 891000 to speak to an advisor.
