

ROAD TRAFFIC REGULATION ACT 1984 – SECTIONS 64 AND 65
AUTHORISATION OF TRAFFIC SIGNS AND SPECIAL DIRECTIONS

The Secretary of State for Transport, in exercise of his powers under Sections 64 and 65 of the Road Traffic Regulation Act 1984, and of all other powers enabling him in that behalf, for the purpose of informing road users of the conditions of use of bus lanes at various locations in Newcastle, hereby:-

1. authorises the erection at appropriate sites on roads for which Newcastle City Council is the traffic authority of a traffic sign (hereinafter referred to as “the authorised sign A”) conforming as to size, colour and character with that referenced “1A(L)” in the attached set of drawings numbered GT50/106/0011-1; and
2. authorises the erection at the said sites of a traffic sign (hereinafter referred to as “the authorised sign B”) conforming as to size, colour and character with that referenced “1AO” in the said set of drawings; and
3. authorises the erection at the said sites of a traffic sign (hereinafter referred to as “the authorised sign C”) conforming as to size, colour and character with that referenced “1B(L)” in the said set of drawings; and
4. authorises the erection at the said sites of a traffic sign (hereinafter referred to as “the authorised sign D”) conforming as to size, colour and character with that referenced “1BO” in the said set of drawings; and
5. authorises the erection at the said sites of a traffic sign (hereinafter referred to as “the authorised sign E”) conforming as to size, colour and character with that referenced “3A” in the said set of drawings; and
6. authorises the erection at the said sites of a traffic sign (hereinafter referred to as “the authorised sign F”) conforming as to size, colour and character with that referenced “3AO” in the said set of drawings; and

7. authorises the erection at the said sites of a traffic sign (hereinafter referred to as "the authorised sign G") conforming as to size, colour and character with that referenced "3B" in the said set of drawings; and
8. authorises the erection at the said sites of a traffic sign (hereinafter referred to as "the authorised sign H") conforming as to size, colour and character with that referenced "3BO" in the said set of drawings; and
9. authorises the erection at the said sites of a traffic sign (hereinafter referred to as "the authorised sign I") conforming as to size, colour and character with that referenced "7A" in the said set of drawings; and
10. authorises the erection at the said sites of a traffic sign (hereinafter referred to as "the authorised sign J") conforming as to size, colour and character with that referenced "7B" in the said set of drawings; and
11. authorises the erection at the said sites of a traffic sign (hereinafter referred to as "the authorised sign K") conforming as to size, colour and character with that referenced "8L" in the said set of drawings; and
12. authorises the erection at the said sites of a traffic sign (hereinafter referred to as "the authorised sign L") conforming as to size, colour and character with that referenced "12" in the said set of drawings; and
13. authorises the erection at the said sites of a traffic sign (hereinafter referred to as "the authorised sign M") conforming as to size, colour and character with that referenced "20A" in the said set of drawings; and
14. authorises the erection at the said sites of a traffic sign (hereinafter referred to as "the authorised sign N") conforming as to size, colour and character with that referenced "20B" in the said set of drawings; and

15. authorises the erection at the said sites of a traffic sign (hereinafter referred to as "the authorised sign O") conforming as to size, colour and character with that referenced "20C" in the said set of drawings; and
16. authorises the erection at the said sites of a traffic sign (hereinafter referred to as "the authorised sign P") conforming as to size, colour and character with that referenced "21" in the said set of drawings; and
17. authorises the erection at the said sites of a traffic sign (hereinafter referred to as "the authorised sign Q") conforming as to size, colour and character with that referenced "16" in the said set of drawings; and
18. authorises the erection at the said sites of a traffic sign (hereinafter referred to as "the authorised sign R") conforming as to size, colour and character with that referenced "16A" in the said set of drawings; and
19. authorises the erection at the said sites of a traffic sign (hereinafter referred to as "the authorised sign S") conforming as to size, colour and character with that referenced "17" in the said set of drawings; and
20. authorises the erection at the said sites of a traffic sign (hereinafter referred to as "the authorised sign T") conforming as to size, colour and character with that referenced "18A" in the said set of drawings; and
21. authorises the erection at the said sites of a traffic sign (hereinafter referred to as "the authorised sign U") conforming as to size, colour and character with that referenced "18C" in the said set of drawings; and
22. authorises the erection at the said sites of a traffic sign and plate (hereinafter referred to as "the authorised sign V") conforming as to size, colour and character with those referenced "9A" in the said set of drawings; and

23. authorises the erection at the said sites of a traffic sign and plates (hereinafter referred to as "the authorised sign W") conforming as to size, colour and character with those referenced "9B" in the said set of drawings; and
24. authorises the erection at the said sites of a traffic sign and plate (hereinafter referred to as "the authorised sign X") conforming as to size, colour and character with those referenced "9C" in the said set of drawings; and
25. authorises the erection at the said sites of a traffic sign and plates (hereinafter referred to as "the authorised sign Y") conforming as to size, colour and character with those referenced "9D" in the said set of drawings; and
26. authorises the erection at the said sites of a traffic sign and plate (hereinafter referred to as "the authorised sign Z") conforming as to size, colour and character with those referenced "10" in the said set of drawings; and
27. authorises the erection at the said sites of a traffic sign and plate (hereinafter referred to as "the authorised sign AA") conforming as to size, colour and character with those referenced "10A" in the said set of drawings; and
28. authorises the erection at the said sites of a traffic sign and plate (hereinafter referred to as "the authorised sign BB") conforming as to size, colour and character with those referenced "11" in the said set of drawings; and
29. directs that, in any of the authorised signs A-BB, a reference to the time of day or the day of the week may be added, varied or omitted; and
30. directs that it is a condition of this authorisation that the authorised signs A-BB may be placed only to indicate the effect of a corresponding Traffic Regulation Order; and

31. directs, without prejudice to any statutory provision to the like effect, that it is a condition of this authorisation that the erection of the authorised signs A-BB at or near the said sites shall continue to have effect only until such day as may be appointed by one month's notice given by the Secretary of State in writing to the traffic authority for the removal or alteration of the authorised signs A-BB and on that day the said authorisation shall, without prejudice to the giving of any further authorisation or direction, cease to have effect.

The provisions of Regulations 12, 18 and 19 of the 2002 Regulations shall apply to the authorised signs A, B, E, F and I in the same manner as they apply to the sign to diagram 958 in Schedule 5 to those Regulations.

The provisions of Regulations 12, 18 and 19 of the 2002 Regulations shall apply to the authorised signs C, D, G, H, J, L, M, N and O in the same manner as they apply to the sign to diagram 959 in Schedule 5 to those Regulations.

The provisions of Regulations 12, 18 and 19 of the 2002 Regulations shall apply to the authorised signs K and P in the same manner as they apply to the sign to diagram 964 in Schedule 5 to those Regulations.

The provisions of Regulations 12, 18 and 19 of the 2002 Regulations shall apply to the authorised signs Q and R in the same manner as they apply to the sign to diagram 2102.1 in Schedule 7 to those Regulations.

The provisions of Regulations 12, 18 and 19 of the 2002 Regulations shall apply to the authorised sign S in the same manner as they apply to the sign to diagram 2114 in Schedule 7 to those Regulations.

The provisions of Regulations 12, 18 and 19 of the 2002 Regulations shall apply to the authorised signs T and U in the same manner as they apply to the sign to diagram 2104 in Schedule 7 to those Regulations.

Department
for Transport

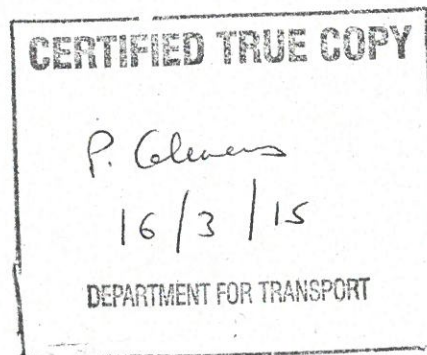

GT50/106/0011

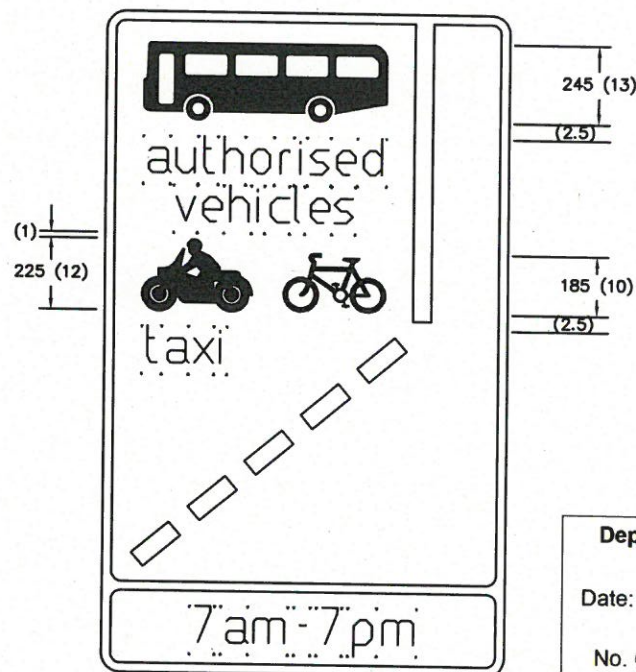

The provisions of Regulations 12, 18 and 19 of the 2002 Regulations shall apply to the authorised signs V, W, X, Y, Z, AA and BB in the same manner as they apply to the sign to diagram 953 in Schedule 5 to those Regulations.

Dated 13 March 2015

Signed by authority of the Secretary of State

A Delegated Official of the Department for Transport

Date: 10 March 2015

No. GT50/106/0011-1

Notes:

1. DIMENSIONS: x-heights are in millimetres, other dimensions are millimetres with stroke widths in brackets.
2. The bus symbol may be varied to the 'local bus' symbol shown on drawing S25 sheet 2.
3. The time plate may be omitted.
