Class and position of vehicle

9. Where by notice at a parking place, the parking place, or any parking bay within the parking place, is specified as available for vehicles of a specified class or vehicles to be parked in a specified location, no person shall cause or permit a vehicle to be parked in that parking place or in any parking bay within the parking place,
 - (i) unless it is of the specified class;

14. No person shall cause or permit a vehicle to park in a parking place or parking bay during the period that it is signed and marked for season ticket holders unless the vehicle is displaying a season ticket for that time and that parking place or parking bay.

15. No person shall cause or permit a vehicle to park in a parking bay marked for motor cycles unless the vehicle is a motor cycle.

Where by notice in the parking place, a parking place or in any parking bay within the parking place is described as being in operation on specified days, during specified hours or for a maximum period of stay, no person shall cause or permit a vehicle to be parked in that parking place or in any parking bay within the parking place on any day, during such hours or for any period other or longer than those specified.

Power to close or suspend parking places

- (i) from closing a parking place or any part thereof for any period; and/or
 - (ii) from setting aside a parking place or any part or parts thereof on all days or on certain days or during certain parts of days for use only by particular vehicles or organisations.

Any person closing or suspending the use of a parking place or any part thereof shall thereupon place or cause to be placed in or adjacent to that parking place or that part thereof a notice or traffic sign indicating that of that parking place or that part thereof is closed or the use is suspended and that parking by vehicles is prohibited.

Contravention in closed or suspended parking place

23. No person shall cause or permit a vehicle to be parked in a parking place or any part thereof during such periods that the parking place or that part thereof is closed or the use is suspended or during such period as there is in or adjacent thereto a notice or traffic sign indicating the closure or suspension placed by or on behalf of the Council.

Sale of goods

24. No person shall in a parking place without the express written permission of the Council, use a vehicle, in connection with trade or business, any form of advertisement, the sale of any article, including the vehicle itself, to any person in or near the parking place or in connection with the selling or offering for hire of skill or services in any other capacity.

- (i) for sleeping or camping or cooking, or

Payment

27. No person shall cause or permit any vehicle to be parked during the charging hours in a parking place without arranging for the appropriate daily charge (if any) to be paid in accordance with the scale of current charges as specified by notice at each parking place respectively.

Charges for set periods

28. Where a charge is specified for a period, the whole of that charge shall be due and payable for the use of the parking place for any part of that period.

Concessionary free period

29. Where specified by notice in a parking place that a concessionary free parking period is permitted, a free vend parking ticket, indicating the registration number of the vehicle and the time by which the vehicle must be removed from the parking place, must be obtained and displayed in the relevant position on the vehicle.
30. Only one free parking concession may be obtained in respect of any one vehicle in any one parking place per calendar day.

Means of payment

31. The charges referred to in the preceding Articles shall be payable in the manner as specified by notice at each parking place respectively.

Pay and display parking places

32. The person in charge of a vehicle, upon parking the vehicle during the charging hours in a parking bay, shall immediately ensure that a parking ticket is purchased or (where appropriate) obtained on a free vend from a ticket machine situated at that parking place at the level of charge and for the period

required in accordance with the scale of daily charges as specified by notice at that parking place.

For the avoidance of doubt, the concessionary free period (if applicable) is incorporated into the scale of daily charges

33. If, at the time when a vehicle is parked during the charging hours in a parking place the nearest ticket machine in that parking place is out of order, then a parking ticket shall be obtained from another ticket machine within the same parking place (where provided) or as directed in the parking place.

Display of parking ticket

34. As soon as a vehicle has been parked during the charging hours within a pay and display parking place the person in charge of the vehicle shall ensure that:
- (i) a valid parking ticket has been obtained to cover the entire period that the vehicle is parked in the parking place, and
 - (ii) the valid parking ticket is displayed in the relevant position on the vehicle in respect of which it was issued at all times the vehicle is parked in the parking place.

35. A parking ticket is not transferable from one vehicle to another and on transfer the parking ticket ceases to be valid.
36. A parking ticket is valid only in the parking place in which it was issued. Validity is defined by the reference code of the parking place and the ticket machine located in that parking place printed on the parking ticket.
37. A parking ticket is valid only until the expiry time on the date shown on the ticket indicating the expiry of the period for which a charge has been paid or for which concessionary free parking is permitted.

38. Where required by notice at a parking place, a parking ticket is valid only if the vehicle registration number on the parking ticket matches that of the vehicle on which the parking ticket is displayed.

Expiry of parking period

39. The expiry of the period for which the appropriate charge has been paid or the concessionary free parking is permitted, shall be when the time shown on the clock of the issuing ticket machine is later than the expiry time shown on the parking ticket displayed.
40. No person shall cause or permit any vehicle to be parked during the charging hours in a pay and display parking place after the expiry of a displayed parking ticket.

No parking ticket displayed

41. If at any time while a vehicle is parked in a parking place no parking ticket is displayed on that vehicle in the relevant position and in accordance with the provisions of this Order, it shall be deemed that the daily charge has not been paid or that the concessionary free period has not been brought into use. For the avoidance of doubt, indication of use of the concessionary free period of parking can only be authenticated by the display of a free vend parking ticket.

Season tickets

42. Season tickets are available from the Council at the appropriate fee, for a vehicle of a specific class and for specific parking place(s) all subject to conditions determined by the Council.
43. A season ticket is only valid in the parking place(s) in respect of which it was issued, for the vehicle in respect of which it was issued and up to the date of expiry shown on the season ticket.
44. The driver shall abide by the terms stipulated by the Council for the use of the season ticket.
